### DESCRIPTION

ANIA is an organization originally founded in 1982 as the Capital Area Roundtable on Informatics in Nursing (CARING). CARING was developed and organized by nurses in 1982 as a non-profit undertaking to provide a forum for the advancement of automated healthcare information systems. Membership has broadened to include an estimated 3,000 nurses and other healthcare professionals in informatics practice and includes roles in: system design and implementation, education, research (analysis and evaluation), standards and policy development, quality improvement, as well as management and administration. Today, membership is open to nurses and other professionals interested in informatics nursing. Corporations and individual corporate representatives also are welcomed as members.
